**Security Technology BOOTCAMP BERLIN – October 13 & 14, 2011, Ritz Carlton Hotel, Berlin (Germany)**

AGT, the premier German security specialists will host an intensive two-day hands-on training and didactic seminar designed to introduce and master the latest global security technologies.

“BootCamp Berlin” will take place at the Ritz Carlton, located on the vibrant Potsdamer Platz, one of the most popular entertainment centres in Berlin, Germany, on the 13<sup>th</sup> and 14<sup>th</sup> of October 2011.

We have built this course based on the feedback we have received from the numerous other events we have held and also on our personal experiences. It is abundantly clear that our Clients and Partners, most of them Government Entities and Law Enforcement Agencies, are keen to attend a complete Hands - On training session using the latest security products. Therefore we are cordially inviting you to attend this in-depth training session.

AGT’s core B2G clients are always seeking cutting-edge solutions for Lawful GSM/IPS Interception, Network and Mobile forensics and the latest German Technology such as DLP/Encryption.

On successful conclusion of the training you will be invited to request a POC and will be awarded with a training certificate. During the training you will be given the opportunity to use cutting edge technology covering the following areas:

<b>Digital Forensics</b>	<b>Encryption</b>	<b>Interception</b>
<b>Network Forensic</b> <b>Mobile Forensic</b> <b>Computer Forensic</b> <b>Password Recovery</b>	<b>Data Leakage Prevention</b> <b>Latest Encryption Methodology</b>	<b>Massive &amp; Passive Technology</b> <b>Challenges &amp; solutions for social networking</b> <b>GSM Passive</b> <b>Responsive Jamming fix &amp; Mobile</b>

You will have the chance to mix with the leading experts in the various technology fields and you will also meet with industry vendors/suppliers to discover the latest technology and build points of contact with peers, experts and professionals.

Participants will have the opportunity to learn the best practice methods and new techniques through intensive training and education sessions.

Turn your biggest challenges into your greatest accomplishments when you learn from the experts, leaders in the field and reap the benefits of best practices, real world experiences, success stories, tools and practical solutions.

#### Training Pricing

The Training fee of 950 Euro entitles you to:

- enter and participate in hands-on labs and lectures presented by top industry experts.
