Hallo Aghi

Four issues in this mail, requiring your feedback, please:

1. PGP
2. Invitation letter
3. Visa application
4. Dates and confirmation customer availability to meet with Frans

1. PGP: Please provide me with Ayad's PGP key. Kindly handle all this information confidential.

2. Invitation letter:

* Please arrange an invitation letter and a letter requesting for a visa from Ayad's office, or preferably the customer's organization. We need this to apply for the visas.

Details are as follows:

Period in country: Say 20 November to 10 December 08

People:

- + Jan Andries Scholtz: Passport number: ... Frans Eduard
- + Geldenhuys Dreyer: Identity number ... (I've given an identity number that appears also on the passport)
- + Peter Habertheuer: Passport number: ...
- + Andre Vorster: Passport number: ...

The letter should request a multi-entry visa for a longer period.

3. Visa application:

Currently we think to apply here, but it may take too long. The questions:

- * Will you be able to arrange a sufficiently long duration visa from Four Seasons, say for three months, but we then stay at Four Seasons for only 2 days?
- * Any other hotels that arrange visas?
- * The rate of the Four Seasons hotel, and the Meridian hotel?

4. Dates and confirmation customer:

- * Please confirm Frans can meet the customer on 3 December?
- * Since 22 Nov is your week-end, we'll start working on site 23 November (Sunday). Peter will be there 22nd (evening) until Thursday 27th, and I'll be there from 29th Nov to full day 4th December.
