- **Delivered by seasoned specialists**
- **Advice on capability development**
- **Live targets in controlled environments**
- **3 levels of CMOE training available / Including vehicle CMOE**
- **Bespoke course options**

CMOE Courses

A tactical team of six individuals in dark, full-body gear is positioned in a dark, industrial-style environment. They are silhouetted against a light-colored, textured wall. One person is in the foreground on the left, walking. The others are clustered around a dark doorway in the center, with some holding rifles. The scene is dimly lit, creating a high-contrast, tactical atmosphere. A white-bordered black box is overlaid in the center, containing the text 'TAC-UP' in a large, bold, italicized font, with 'tactical upgrading' in a smaller, sans-serif font below it. A white arrow graphic points from the top right towards the 'UP' part of the logo.
