Betreff: RE: upcoming event (Workshop&Training)

Hi Aghi,

OK it's clear now! Just one request, I need to be back in The Netherlands on Monday September 10 for an urgent meeting with the Dutch government. That means that I have to leave at the latest on the 00:05 hrs Monday morning flight back to Amsterdam to be able go to the meeting at 16:00 hrs in The Hague. Can you see if you can reschedule the workshops to another date, at the latest on Sunday September 9?

I need to discuss the training and workshop with Jack and Ronald now that the engineer won't come with me. Can you please ask Anas to send us the signed reseller agreement? I cannot book my flight without the reseller agreement.

Kind regards,
